Inflation hasn't changed the price of ashes.

But it has changed the price of your home. For example, if you bought a $20,000 home in 1968—today it's worth about $27,000. Don't be left with a costly pile of ashes. See me about a State Farm Homeowners Policy that will cover your home for all it's worth . . . and keep it that way with automatic Inflation Coverage.

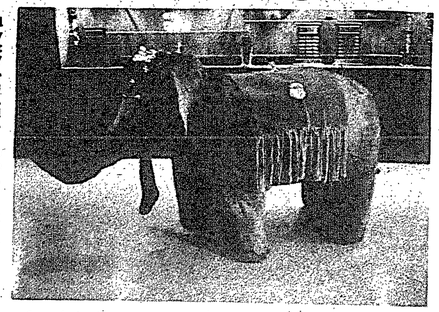
A Christmas elephant

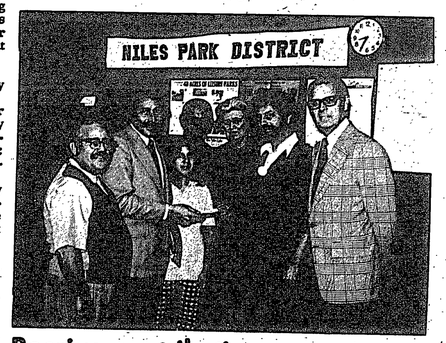


Last school year in Mrs. Carol Garast's 7th grade art class at Niles Elementary School-North two boys built an elephant as their art project for the second semester. The animal that resulted became seven feet twenty inches long from trunk to tail, it measures three feet and seven inches across the shoulders, and stands four feet two inches high at the head.

The elephant is made of papier mache and is covered with burlap which the boys painted gray.

Daniel Lampkin and David Edington named their project Daisy. The door from the art room was removed to get her out and into the gymnasium for the art fair last May. Daisy had grown to life-like proportions that finding her a home outside the school's large main foyer became an impossibility. Although each boy would like to take Daisy to his own home, she must remain in the school as she is too large to go through a normal house door.

Daisy has become such an interesting part of the school, however, that when other holiday decorations were put up, Daisy was decorated, too. She has a large red, beaded headpiece, a bright new red blanket over her ample back, Christmas ornaments swing from the end of her tail, and a Christmas stocking, many sizes too small, dangles from her mouth. A small teddy bear was placed on her back. Daisy greets all with a warm look from her deep green eyes.



Receive contribution

The Niles "Save Open Space" Committee receives a $450 campaign contribution from Seymour Taxman, Vice-President of Joseph J. Freed & Associates, L. to r.: Jerry Ehrenreich, Taxman, Roz Ehrenreich, Val Engelman, Ellen Van Laningham, Ron Verson, and Peter Salamoun. Sheila Schulman, Elizabeth Marteoni, and Roy Bergquist were absent.

OCC professor attends meeting

Patrick Casali, assistant professor of foreign languages at Oakton Community college, attended the convention of the American Council on Teaching Foreign Languages which was held in Boston over the Thanksgiving weekend.

Casali was particularly interested in the sessions on foreign languages in community colleges, innovation in teaching of "ethnic" languages, and promoting foreign languages.

A resident of Morton Grove, Casali has been a member of OCC's foreign language faculty since 1972. He earned his B.A. in humanities and M.A. in Spanish Literature and Culture from Loyola University of Chicago. He has also studied at the Universidad las Americas in Mexico and the comparative humanities program offered by Briarcliff college in Europe. Before joining the Oakton faculty, he taught at Notre Dame High school for Boys in Niles.

Don Cagers defeat Marist

By Mike Lemanski

Notre Dame's Dons continued on the winning side by defeating Marist 66-55. ND now posts a 5-1 record, 2-1 in conference.

The Dons started quickly by building a 6 point lead, but they could build it no more despite their superior height. The score was 18-12 at the end of the first quarter.

ND increased its lead to 14 at the half. The Dons had firm control of the boards, with Pete Calabrese outrebounding the entire Marist team in the first half.

However, ND centers began to get into foul trouble. Scott Franz fouled out with 3:45 remaining in the third quarter. Pete Calabrese had 4, so coach Hinger brought in Mike Calabrese, ND's biggest player, but an insufficient rebounder. Marist could not take advantage of this, and ND held onto its large lead.

The Dons began to bring in subs at the beginning of the fourth quarter, and they still managed to hold a big lead.

ND played three men in double figures. Mike English again led all scorers with 22 points, Buzz Naughton had 19, and Pat Perrish 12. ND's superior rebounders all totaled big, Pete Calabrese led with 9, Naughton 7, English 5, and Franz 4.

Marist's star guard Doug Chimino led the Redskins with 12 points and 6 rebounds.

The Dons now await St. Viator and Deerfield, the games to be played on Dec. 21 and 22.

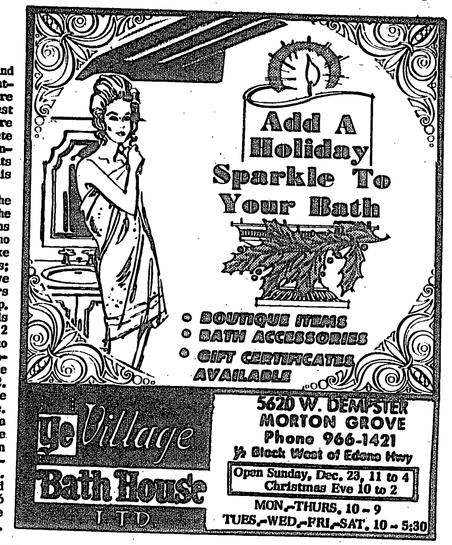
Notre Dame downs Dixon

Dixon High school made grand tour of the schools this past Saturday, competing against Notre Dame, New Trier East and West and Niles East and West. Notre Dame, since they will compete against Dixon twice later on a contractual basis did not fence its top three "A" strip fencers this time.

The bottom 6 fencers on the team were fenced against the Dixon team. The "A" strip was composed of Mike Sciortino who went 3-0 and unscored upon; Mike Gerard, 3-0, giving up 2 touches; and Randy Mikos, 3-0 who gave up one touch. The ND starters went 9-0 against Dixon's A strip.

The N.D. B strip had Chris Nickele, 3-0, who gave up 2 touches, Gary Brown, 3-0, who gave up 2 touches, and Steve Basista who went 1-2. Overall the N.D. team defeated Dixon 16-2.

The real surprise has to be the performance of Chris Nickele. He only came out for the team a week ago after being away since last March. The N.D. foilsmen take on the New Trier East Indians on Thursday at 4:30 p.m. in the N.D. cafeteria. The record of the ND Varsity is now 26 in a row. The team only gave up 13 hits out of a possible 54.



LWV serve their community

More than 10,000 women in the state of Illinois volunteer. They select issues for study, evaluation, and decision. Then they act by informing the public and lobbying for legislation.

These women are members of the 85 local Leagues of Women Voters in Illinois. Their positions are broad in scope, temperate and flexible in detail, firm in purpose, strictly non-partisan.

Like the government, the League functions on 3 levels: local, state, and national. Membership is open to any woman citizen of voting age. Men are invited to be associate members. Women who reside in areas that do not have a local League are invited to join as members at large.

In addition to study and consensus on issues the League provides a singular service to the community in the form of information on candidates and platforms. This is called "voters service." The local Leagues hold candidate meetings, print voter guides (where and when to vote), print candidate information, hold meetings with public officials, issue reference books on the community, offer workshops on governmental issues, and provide publications and information on the League studies.

MG Woman's Club spreads holiday cheer

Thirty-eight decorated baskets of fresh fruit were delivered by Mrs. Jinger Brown and her Public Welfare Committee to the shutins in the village of Morton Grove. These residents who are unable to get around are remembered by the Woman's Club twice a year.

The Illinois cottage of the Park Ridge School for Girls (an Illinois Federation of Woman's Club project) was recently decorated and carpeting installed. Various clubs of the Tenth District donated toward this improvement program, and the Morton Grove Woman's Club besides their donation also purchased a set of dishes which complimented the Early American theme of decorating.

Mrs. Jane Burlet, Park Ridge Chairman both for the local club and the Tenth District delivered a festive centerpiece of fresh fruits made into a huge turkey. Each girl was also gifted by the club with a leather tote which was filled with assorted cosmetics donated by the Woman's Club of Skokie. From a recent shower money collected went to purchase curling irons, hand craft sets and crocheted shoulder bags from Greece.

Santa visits Morton Grovers

Santa Claus came to town last Sunday co-sponsored by the Morton Grove Days Committee and the Morton Grove American Legion Post 134. "Santas" as seen in the photo were past Legion commanders Frank Hilbert and Ed Mc Mahon and from the Days, Hank Goralicki.

Earlier in the day a group of Legionnaires under the direction of Child Welfare Chairman Bernard Williams, 5th from l., visited 36 handicapped youngsters in the village, leaving one of the gifts shown since they could not come out to meet Santa. Part of his committee pose with him: (l.-r.) Dan Scanlon, Don Huber, and following third Santa, Jack Bartholmy, Legion commander Tony La Rosa and junior vice commander Phil Ellis.

More than 475 youngsters received marked candles in the afternoon Santa program. These were redeemed at the Legion for gifts suitable for age and sex. Two Santas traversed the town and the remaining one visited with the youngsters at the Legion Home. That portion of the day was under the direction of second junior vice commander John Reichert.

A-Lo ends 'Liberating Male' contest

A-Lo Answering Service, 8350 Lincoln in Skokie brought its "Most Liberating Male" contest to a close on Dec. 15. The contest has been running for about a month and they literally have been flooded with entries. Under 60 words about the man who has helped the most to make you a liberated woman is all that is required to enter the contest. Surprisingly enough, responses have been running about 40% for womens lib and 60% against it. It seems many women feel they were better off before they were liberated. Of course this cannot even remotely account for the opinion throughout the country as the contest was only held in 4 suburbs — Lincolnwood, Morton Grove, Niles and Skokie. The entries have provided a truly interesting insight into the way the participants feel — some have been done with a great deal of humor, others have even been sad — however almost all have shown that a great deal of time was spent on the entry. The contest has been, to say the least, "a surprising revelation."

Seven distinguished members of the community have been asked to judge the contest and choose the three lucky winners. Rabbi Marc Wilson of Congregation Adas Shalom, Morton Grove, Mr. A. Hanson of the First National Bank of Skokie, Dr. Harold Appel, Mrs. Kay Thompson of A-1 Employment Service, Mrs. Ione Pinkert of the Bugle and Mrs. Beverly Munies of A-Lo Answering Service.

The first prize of 3 nights, 2 days in Las Vegas was obtained through "Travel Today," 612 N. Michigan, Chicago. The Mark III Restaurant, 3300 Dempster, Skokie, has donated the second prize of a sumptuous dinner for 2 and Air American Limosine Service, 6002 Dempster will provide the transportation for the evening. The third lucky winner will receive a beautiful negligee.

The winners will be announced on Dec. 21 and A-Lo wishes to thank all those who have participated in making this contest the success it has been. The contest has been conducted with the same good taste and courtesy A-Lo has extended to its growing clientele since its inception in early October.

Four Flags executive donates to 'Save Space'

The man who most vigorously opposed construction of the Four Flags shopping center on Golf rd. east of Milwaukee ave. last year, secured a $450 contribution from its developer to the Niles "Save Open Space" Committee's campaign fund.

Ron Verson, Chairman of the SOS and Seymour Taxman, Vice-President of Joseph J. Freed and Associates, became "friendly enemies" during the controversy over the shopping center.

"Therefore, it seemed only logical to approach Taxman for help in funding the Committee's campaign to get last month's Niles Park District Referendum passed," Verson said.

Taxman responded more generously than all the other contributors put together. Sheila Schulman, SOS Treasurer, reported that $585 was received from 12 donors and all but $2.75 of this amount was expended in printing and distributing campaign fliers.

The SOS Committee, which has changed its name to "Surveillance on Spending," decided to reserve the small balance for postage or other incidental expense that may be incurred when regular meetings are resumed in 1974.

Other contributors to the fund were Argus Press, Inc., John Jacobson (formerly Jacobson Tool), Wells Lamont Corp., Cole-Palmer Instrument Co., Debbie Girls, W.W. Grainger, Inc., Frank Turk & Son, Walter Beusse, Mr. and Mrs. Marion Van Laningham, Mr. and Mrs. Ted Schwab, and Mrs. Robert C. Wordel. Peter V. Salamoun donated paper.

"Policeman is never wrong"

Dear Editor:

I am writing this letter because I am so thoroughly disgusted with my recent experience in traffic court with my sixteen year old son. The police officer is never wrong, the teenager is never right, his explanation is half listened to (if at all), and he is guilty until proven innocent, which you cannot possibly do. If you try to ask questions, your questions are answered with, "No, Ma'am," before you have the complete question asked.

My family and I live in the "All American City" of Niles, Illinois. We have lived here for almost eleven years. I am the mother of four teenagers, 19, 16, 15 and 13. We have always taught our children that the policeman was your friend and if you ever have to go into court, as long as you know you're innocent, you have nothing to worry about. That's not true.

On Oct. 29, 1973, my son was driving north on Harlem ave. He was in the left hand lane traveling at 35 miles per hour, which was the speed limit. There was fairly heavy traffic traveling both north and south. All the northbound traffic passed him up, leaving him last. He was pulled over by a Niles police officer who proceeded to tell him he was clocked on radar going 47 miles per hour. When my son explained he was doing the speed limit and that all other cars had passed him up, the officer said my son was wrong.

The first ticket he wrote was for not displaying a vehicle sticker, which was in the lower right hand corner on the windshield. When my son protested and the officer walked around to the right side of the car, he told my son when they got into court, he would explain that this ticket was written in error. He then wrote a speeding ticket.

His court appearance was on Dec. 6, 1973, held in Niles. This was the first time we had ever been in traffic court. We did not know procedure, or what a lot of things meant. Gullible as I am, I didn't think this would matter.

We were called up. My son pleaded NOT GUILTY. They swore my son in. They first asked the officer if there had been any "conversation" between him and my son at the time the tickets were issued. Now this means did the boy get nasty or mean or give him any back talk. He told them no, that my son had been polite. Then the prosecutor asked my son about the vehicle sticker. The officer interjected that after he had written the ticket, "We then found it", (as if it were hiding), so that ticket was voided. The prosecutor then asked the officer about the speeding ticket. The officer gave his story. The prosecutor then said, "I would recommend court driving school." Now, I don't know what court driving school is and neither does my son. I didn't know it meant he wouldn't have to pay a fine, he wouldn't get a mark against him, and that they think he might be innocent, but would never admit to a sixteen year old boy that he might be right. They asked for my son's story, which he told. The prosecutor again suggested court driving school, asking my son if he had ever gone to driving school. My son answered, "Regular driving school, but not court driving school." He started to ask about it and was not permitted to continue. He was interrupted. I then asked if I could ask a question.

ME: "Isn't it possible, that if the officer made a mistake about the vehicle sticker, he could have ——"

JUDGE: "No, Ma'am"!!!!

Now before going any further, you must understand, you cannot put a nasty tone of voice down on paper.

ME: "But isn't it possible, in heavy traffic, the officer was clocking a car that was moving along side my son's car, and when that car passed, the radar was pointing to my son's car?"

JUDGE: "I said, No, Ma'am."

Prosecutor: "Your Honor, I HIGHLY recommend court driving school."

JUDGE: "You're not doing me any favors, twelve and five." (dollars, that is)

It was all over in about five minutes. When we got home, my son called the Village of Niles and asked if it were possible to get the wrong car while clocking another. The person he spoke to told him yes. Stands to reason, if the officer has his eyes on the radar screen, he cannot see which car is traveling at that speed. Every time I think about this or discuss it, I get so upset at the unfairness of it all. I decided the only way to get justice is to send this letter to as many people as possible. The unfortunate thing about this whole situation is the fact that it was my son's word against the police officer's word, and the "POLICEMAN IS NEVER WRONG."

Special guest at MG Woman's Club

Members of the Morton Grove Woman's Club modeled Fabulous Furs by Wertheimer at their December meeting. Because the furs shown were expensive, the firm requested a guard to be present. The Club decided it was an opportunity to have Morton Grove Police Chief Norman Glauner as its guest that day-not only to enjoy the lunch and show, but to keep his trained eye on the scene.

At that meeting it was announced that the club has three members now serving on the Tenth District of Women's Clubs Board: Mrs. Dodee Connelly-Election Chairman; Mrs. Marijane Meyers-Conservation. Chairman and Mrs. Jane Burlet-Park Ridge School for Girls Chairman.

Cub Pack 175

Cub Pack 175, sponsored by St. John Brebeuf Church, opened up it's busy activities calender with a father-son camp-out at scenic Holiday Acres in Belvidere, Ill. About 20 Cub Scouts and their fathers, under the direction of Pack Chairman John Baranowski, Cub Master Florian Mackowski, and Asst. Cub Master Ralph Kozeny, enjoyed a weekend of fishing, hiking, canoeing and horseback riding.

A beautiful Oct. evening was the setting for the Pack's annual snipe hunt at Bunker Hill Forest Preserve. A cook-out was followed by a night-time trek into the woods in search of the elusive creature.

Later that month a Halloween party was held in the school hall. Many prizes were awarded to Scouts who decorated pumpkins and themselves.

Golf Mill Lanes was the scene of the annual father-son bowling tournement arranged by Ken Fiseseki. The event was well attended but the winners cannot be announced yet as the scores are still being tabulated.

At the Nov. Pack meeting the Cub Scouts underwent inspection and displayed their genius kits. A genius kit is an invention which is created from a bill of materials consisting of a shoe box, mouse trap, bottle, nuts and bolts and two pieces of wood. All the boys showed remarkable engineering ability in this project.

The Pack recently completed a successful cookie and candy drive under the direction of Thad Ochal. This is the major fund raiser of the year and the Pack wishes to thank all who made purchases from the boys.

On Saturday, Dec. 15, the Pack is sponsoring a paper drive, the proceeds of which will be given to charity. Papers can be dropped off at the school at 8301 Harlem between 9 a.m. and 3 p.m. or arrangements for pick-ups can be made by calling John Baranowski at 966-5558.

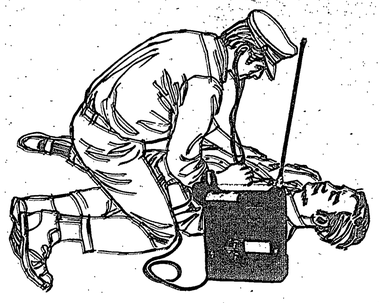
NEW M.I.C. NETWORK SAVES LIVES



The new Mobile Intensive Care Network (M.I.C.) is alive and doing well in Morton Grove. M.I.C. is a group of ten community fire departments involved with the new Paramedic system of saving lives. The center for the program as it now stands is Northwest Community Hospital in Arlington Heights.

Since the program was first installed in this area by the Morton Grove Fire Department, five of their men have been certified by the state of Illinois as Paramedics. Morton Grove is the only village east of Mount Prospect fully involved but Niles and other towns are now training firefighters to this position.

Realistic ly Paramedics are medically trained fire department personnel with knowledge on how to treat and transport the sick and seriously injured.

The first of the several ranks in advancement to Paramedic is to the E.M.T. or Emergency Medical Technician. All basic skills needed to successfully serve the community as a first aider are learned at this level.

Classes on Trauma, transportation, and cardiac cases are all taught at Northwest Community and Evanston Hospitals by physicians who specialize in emergency treatment. Upon completion of the class hours required by the hospital teaching the course, a final exam is given which determines if the firefighter becomes a Paramedic or not.

A new 1973 Paramedic Ambulance containing the newest in life saving equipment was delivered to the village over the summer. At least one Paramedic must be in the ambulance for it to roll on an alarm, this was ordered by the Village board recently.

Upon a call for medical attention where the location, problem, and action already given is stated loud and clear, the dispatcher will be able to send the ambulance to the scene without delay in asking questions.

Within 2-3 minutes the ambulance should arrive anywhere in Morton Grove. All vital information including an ECG reading are sent by transmitter to Northwest Community Hospital where a physician has already been notified of the situation.

At times when Heart Attack, Stopped Breathing and Severe Bleeding are present, the time under the old system where it took minutes to transport to Lutheran General and Skokie Valley some times meant death for the patient that required on the spot immediate attention.

Death has been averted many a time since Paramedics learned how to use life saving gadgets like the portable ECG transmitter and the new cardiac defibullator which is used as a resuscitative measure in the event of cardiac arrest.

Shock, poisoning, and allergic reactions can be countered with the drugs in the Paramedics drug box. Inter-veneous and intermuscular injections which the Paramedics are allowed to administer upon the approval of the doctor at Northwest Community.

The hospital that the patient is brought to need not be Northwest Community because all information is sent to the Emergency Room receiving the patient.

All of this is awaiting your call for help. "Their training is complete, the equipment functional and awaiting the call." But, you must call for them to answer.

Junior Girl Scout Troop 602

In September, first year Juniors — Trina Dakis, Juliana Jajkowski, Julie Johnsey, and Jane Trixsted — were welcomed into the Troop by leaders Mrs. Donna Coudek, Mrs. Jean Cappiello, and Mrs. Audrey Erickson along with the second and third year Juniors — Gina and Laurie Cappiello, Lynn Cicero, Christina Coudek, Nancy Erickson, Pamela Gregory, Deanna Hoff, Brenda Kupciak, Esther Partipilo, Nancy Schmidt, Patti Wadman, and Mona Werdermann.

The Little House in Glencoe was the site of a weekend adventure early in October, which earned each participating Junior the "Troop Camper" badge. The girls were accompanied on the outing by their leaders plus Mrs. Carol Hoff and Mrs. Hester Kupciak. They had an outdoor flag ceremony, cooked their own meals, made fires in the fireplace, went hiking, played softball, and generally kept the adults "on their toes" well into each night. A good time was had by all and everyone went home happy and tired on Sunday morning. Thanks to all the moms who provided treats and especially to the 5 ladies who put up with the girls' antics all weekend!

Pam and Mrs. Mary Lou Gregory were the hostesses of the annual Halloween party. They provided such a warm welcome that the party lasted much longer than anticipated. The party menu and games were planned by the girls as were the many nice prizes. Nancy Schmidt, a Geisha girl, won the "Best Costume" prize. Thanks for the Gregorys for their hospitality and to all the Moms who provided goodies!

The V-Show at Maine East was an enjoyable outing in November and currently plans are being made for a Christmas party and other activities. The girls have also been busy selling calendars and nuts to be distributed in mid-December.

Donate to Salvation Army

Instead of the traditional "Grab Bag" drawing at the Bank of Lincolnwood's annual Christmas Party, the employees decided to give gifts to the Salvation Army for children who weren't as fortunate at Christmas time.

Bags were filled with beautifully decorated packages for boys and girls between the ages of four and twelve. Games, dolls, craft sets, everything and anything a young boy or girl would love to have, were able to give instead of receiving this year.

Shown above, l-r: Craig Rheingruber (assistant cashier), Captain David Dalberg (Director of th Inner City Program), Barbara Wiedlin, and Diane Patterson.

Field trips

Maine East students are keeping busy these last few days before the traditional holiday vacation period begins.

Several trips have been scheduled for Thursday, Dec. 13. 43 Italian students of Mr. Robert Grottola attended a performance of La Boheme at the Lyric Opera House, and members of the Maine East Concert Choir caroled at the Civic Center. The Concert Choir is directed by Mr. Preston Waldrop. In addition, the Psychology classes of Mrs. Lynn Reich visited Lambs Farm.

On Monday, Dec. 17, Miss Mimi Coconato took her home economics students to the Civic Center Divorce Center to hear divorce and child custody cases, and Diversified Occupations' students of Mr. George Norek will tour the Museum of Science and Industry.

Mr. Charles Lucas on Wednesday, Dec. 19, took his Distributive Education students to the Shedd Aquarium, and Mr. Paul Roloff and the madrigal singers sang at Little City.

The 22 participants in madrigal singing were Mary Anne Koczor, Nancy Wold, Roxanne Camacho, Leslie Goodman, Karen Papierski, Bonnie Gallagher, Gail Sipe, Donna Meyers, Cathy Allen, Maxine Levitt, Marianne Kreft, Patti Laman, Sue Magnuson, Kathi Chase, Ray Carlson, Greg Millar, Bob Williams, Kevin Luke, Jack Nalbandian, David Antzak, Carl Edelman, and Ken Johnson.

Thursday, Dec. 20, is also a busy day of travel for Maine East students. Mr. Raymond Scharf and his Industrial Education students will visit the Museum of Science and Industry, Girls' Glee under the direction of Mr. Paul Roloff will sing at Lutheran General Hospital, and Orchesis members will see a performance of th Nutcracker ballet at the Arie Crown Theatre. Miss Betty Schmitz is the sponsor of Orchesis at Maine East.

Girls' bowling

Karen Merkel of Niles was the top bowler on Dec. 7's bowling for members of Maine East's Girls' Bowling club. She had the high individual game, a 154, and the high individual two game series, a 276.

With a team high two game series of 1,518, the winners of the Eastern Style pizza for the afternoon were the Jokers. The team captain was Kathy Schreiber of Des Plaines.

Niles Township Reclamation Center

With the alarm bell ringing about the danger to our economy from shortages of critical materials, the students operating the Niles Township Reclamation Center rose to the challenge in November, processing a record 70 tons of paper, 19 tons of glass and 4 tons of cans.

The record high, according to manager George Brabec was in the preceeding month of October when the input was 50 tons of paper, 12 tons of glass and about 3 tons of cans.

The center, in existence since 1971, received the financial backing of the Niles Township Administration, enabling it to operate one extra day per week, and allowing it the resources to make public appeals for support.

Brainchild of Brabec, Tom Pisors and Barry Bernstein, the Niles Township Reclamation Center is the outstanding project of its kind in the area. The young people, with the support of the Township, have been able to make this a significant operation, where others have failed.

According to Brabec, they are now only interested in making the actual collections, but in pioneering a new awareness and new techniques in reclaiming valuable waste. Since being appointed coordinator by Superintendent Charles N. Anderson, Earl Numrich, who is a member of the Township Board, has worked with the young managers and operators of the center and promises some surprising breakthroughs in reclamation in 1974.

An appeal for residents to contribute holiday wrappings, cartons, etc., will be issued next week. Please watch this newspaper for details.

THINGS YOU MAY NOT KNOW ABOUT CONSERVING ELECTRICITY.

How a humidifier can help you save fuel.

When the air in your home is too dry, you feel colder because the moisture on your skin evaporates faster. To keep warm you may raise the thermostat. But the higher your thermostat setting the higher your fuel bill.
With a higher humidity, most people are comfortable at a lower temperature. For every degree not needed over 68, you can save as much as 3% on your heating bill. If you keep your thermostat set at 68 degrees instead of 72 degrees, you can save over 10% at the lower setting.
This principle applies essentially to all heating fuels—electricity, gas or oil.
Humidifiers are available in either portable styles or, for warm air heating systems, there are permanently installed models. To find the correct one for your home, contact your heating contractor, department or appliance store.
We have a booklet that covers heating as well as other areas where you can conserve energy. We'll send a copy of "101 Ways to Conserve Electricity at Home" to you free. Just write Commonwealth Edison, Department AV, P.O. Box 767, Chicago, Illinois 60690.

Carol for hospital patients

The Special Chorus from Oak school, under the direction of Mary Lou Rennen, will carol for the patients at Lutheran General Hospital during the afternoon of Dec. 20. The group consists of about 25 fifth and sixth grade children – all of whom are members of the glee club, too.

Legion meets tonite

The Morton Grove American Legion Post 134 will hold their monthly meeting a week earlier this month, due to the holiday season upcoming. The Thursday, Dec. 20 meeting at 8 p.m. will be in the Legion Memorial Home, 6140 Dempster.

Junior Vice Commander John Reichert is to serve a bratwurst buffet pre-holiday feast.

First Junior Vice Commander Phil Ellis still has some New Year's Eve tickets, but reports they are going rapidly as the event draws a large segment of the community and Post 134 members for the Dec. 31 function.

Another announcement of public interest is that there will be no fish fry or bingo this next week, between Christmas and New Year's. That is, cancellation dates are Dec. 26-28. The regular Wednesday bingo games are held at the Post Home at 7:30 p.m. Each Friday from 6-8 p.m. ordinarily, a fish and chicken choice entree meal is served also.

ED HANSON 'Some End-of-the-Year Predictions'

Now that the pro football season has ended and the Chicago Bears were edged out of a super bowl shot, I predict:

The Cincinnati Bengals will eat up the Miami Dolphins in the playoffs and go on to WIN the Super Bowl.

I wish to make this prediction perfectly clear – Richard Nixon will go down in history as the greatest President in American history. Certainly the most publicized, most talked about president of all time, he has already achieved some great accomplishments. For example, he's cut plenty of red "tape" out of governmental operations. He's waged a one-man battle against inflation by bringing down the price of blue chip stocks within reach of the working man. Why, any working man today can afford to buy a share of even IBM stock. And to whip the gas shortage he's put a Ford in the White House. Nixon and Ford have been secretly working on a plan whereby the U.S. can corner the camel market. And once the U.S. has cornered the camel market, pressure will be put on the Arabs to come across with plenty of oil OR no camels ...

Therefore, I predict that the fuel shortage will soon be over and there'll be so much gas, there'll be a price war among service stations and the price will go down to 20 cents a gallon.

And I predict that water, which has been causing even Mayor Nicholas Blase to steam, will drop in price next year because of the competition of milk. Yes, milk! A recent survey taken by the U.S. Agricultural Department reveals that next year the number of contented cows in this country will more than double. A huge over-production of milk will result next year that will cause a strong competitive situation to develop whereby milk will become cheaper than water. As a result Americans, particularly suburbanites, will be drinking milk instead of water, bathing in milk and filling their swimming pools with milk.

Many Americans are shocked and disgusted that postal rates are going up. I predict that next year, contrary to popular beliefs, postal increases will not affect you. This is based upon the logical law of supply and demand. The growing paper shortage will take care of this situation. As the paper shortage gets worse and worse, finally there'll be no paper. With no paper – what do you mail? So how can the cost of postal rates affect you?

Actually the most serious energy shortage in this country affects but a small segment of our society, about 20 million persons. And I further predict that nothing will be done by anyone about this particular energy shortage. I allude to the energy shortage suffered by many of our senior citizens, particularly those past 65 years of age, who have to go to work. Practically all of these poor, old souls have hardly enough energy to get out of bed in the morning, brush their plates and wobble off to work. This is by far the most serious natural energy shortage of all – but what can be done about it? And why isn't the government doing something about it?

* * *

I also predict a great future for two young men known as the PRODIGY II who are currently appearing at the popular FIRESIDE RESTAURANT & LOUNGE, 9101 Waukegan rd., Morton Grove. Their names are Phil Conway and David Dee and they do quite an act Tuesdays thru Saturdays, in the FIRESIDE LOUNGE. A very versatile duo they do a bit of everything in the wide range of commercial music, including country western. And they mix up their music with some good comedy routines, too.

The PRODIGY II, will be on hand New Year's Eve with a special show for your listening pleasure.

There's still time to make your reservation for both Christmas Day and New Year's Eve at the posh FIRESIDE. They'll offer a special Turkey Christmas Dinner or you can select the delicious foods from their regular menu. Seatings for Christmas dinner will be 1-3-5-and 7 p.m. Phone 966-9600 for reservations.

A gala New Year's Eve celebration is planned at the FIRESIDE – and their regular menu will prevail – your hosts, Lonnie Hurwitz, Richard Regan and Barry Shuman will toss out the welcome mat for you. Make your reservations NOW!

* * *

I predict you'll have an enjoyable time both Christmas Day and New Year's Eve at ALIPIO'S RESTAURANT & COCKTAIL LOUNGE, 6474 N. Milwaukee ave. Christmas Day Alipio's is serving dinners of turkey, prime rib and lamb. And the place will be jumping New Year's Eve too. So make your reservations NOW – phone 775-7344 today.

* * *

And I further predict you'll have the time of your life waving goodbye to old Father Time on New Year's Eve at the popular BEAM'N BARREL RESTAURANT & LOUNGE, 7136 Milwaukee ave., Niles. They'll serve their regular menu of ribs, chicken, steak and seafood on New Year's Eve and there will be no increase for food or drinks New Year's Eve AND you'll be given FREE champagne with your delicious dinner. Come as you are and have a ball New Year's Eve.

* * *

I'll predict you didn't know this: ARVEY'S RESTAURANT, 7041 Oakton st., Niles, is the only place in the United States that serves a FREE Caesar salad with dinner. Arvey's is offering Christmas Dinners and is now accepting reservations for New Year's Eve. Just phone 967-9790.

* * *

And I predict that Christmas Day and New Year's, JAKE'S RESTAURANT, 7740 Milwaukee Ave., Niles – the place that never closes – will be packed with his many customers and friends. For Jake packs in the customers seven days a week, in good weather or bad, regular days or holidays. Jake always offers "something special" and his huge volume attests to his fine food and service.

* * *

And finally, I hope my prediction and wish to you for the merriest Christmas ever is true – for the most serious shortage of all is,

"To run out of hope".

'Tom Sawyer and All'

"Ticklish, Ducky?" asks Robert Shanfeldt (r.) Morton Grove as he dusts the chin of Janet Davidson (l.) Niles. The frolicsome couple will be seen when the Tom Thumb Players, 223 Devon ave., Chicago present "Tom Sawyer and All." Based upon memorable moments from stories children of all ages love best, the original musical will include scenes from "Tom Sawyer," "Cinderella," "Dick Whittington" and "Pinocchio." Five special Winter Holiday performances are scheduled beginning Dec. 26 at 1 p.m. through Jan. 6 in the theatre, 2323 Devon ave., Chicago. The cast is composed of TV actor-models who are veteran players.

Prodigy II

The PRODIGY II now appearing in the Fireside Restaurant & Lounge, 9101 Waukegan rd., Morton Grove, Tuesday thru Saturday. This versatile Duo provides music and comedy in the mod manner. The Prodigy II will also be performing at the gala New Year's Eve celebration planned by the Fireside.

Seek displays

The Jefferson school Parent-Teacher Organization is planning a hobby fair to be held Saturday and Sunday, Jan. 19 and 20, from 1 to 5, at the school, 8200 Greendale, Niles.

"Hobby Daze" is planned to interest children and adults alike in a variety of normal, different or unusual hobbies. It is open to all in the community, not just parents or children of Jefferson school and admission will be free to everyone.

More exhibitors are needed for Hobby Daze. The more hobbies, th more enlightening for our new generation of children, exploring new ideas and showing new enthusiasm. Anyone interested in displaying a hobby should call Hobby Daze Chairman, Norman Schaetzlein, 825-3545.

Children's film festival

Four cartoon fairy tales will be presented as a holiday treat at the Morton Grove Public Library's Children's Film Festival. They are Ali Baba and the Forty Thieves, The Seven Ravens, The Steadfast Tin Soldier, and the Emperor's New Clothes. The films will be shown from 10:30 a.m. – 11:30 a.m., Saturday, Dec. 22. Admission is free.

Maine East spring musical

What has never been seen before at Maine East? This year's spring musical – Brigadoon.

Tryouts for the musical will be Jan. 14-17, and the script and music can be checked out of the Learning Resource Center for those aspiring for a part in the traditional production.

There are 22 lead parts, split about evenly between male and female roles.

Brigadoon is a magical village in Scotland that comes to life once every century. Two American boys, who are lost in the mountains, find Brigadoon along with adventure and romance.

Some of the songs in the musical include "Almost Like Being in Love," "Heather on the Hill," and "Come to Me, Bend to Me."

"Brigadoon was chosen by the Broadway musical staff members because it's a beautiful show with an interesting set. It has wonderful music, and we have the talent to do it here at Maine East," said Mr. Gerald Hug, Maine East music department chairman.

Krazy Daze Caribbean cruise

Included in the village-wide recent Krazy Daze mailing, the Morton Grove American Legion Post 134 added a flyer announcing their Oct. 12-19, 1975 Caribbean cruise. The fourth such vacation the local Legion has sponsored, the public is invited to join Legionnaires on his 8 day, 7 night jaunt.

Commander Tony La Rosa has named past commander Al Nehart chairman. He may be reached at 966-3210 for additional information.

Ports to be visited are San Juan, St. Thomas and Nassau. The price is dependent on location of room. The price ranges per person based on double occupancy from $439.50 to $507.50 plus a $2 additional per person non-Legionnaire charge.

Included is air fare from Chicago to Miami, Fla. and return, all baggage handling and transfers to and from ship and entertainment and all meals on board ship. A $25 deposit per person will confirm reservations.

In addition, the remainder of the payments are spread over installments due on Feb. 1, March 1, June 1 and July 1.

The Legion has held two successful Las Vegas weekend vacations in 1971 and 72; and 206 residents, Legionnaires and families thoroughly enjoyed a recent 8-day holiday in Hawaii. Additional folders are available from Nehart or La Rosa.

CHRISTMAS ATTITUDE
The cynic remarks, "If you want a friend, go buy a dog."
Some people say, "Business is one thing but friendship is another."
But, this isn't the way it is at all. There certainly would be no pleasure, nor livelihood in the TV business without friendship. The Christmas story exemplifies what the true attitude should be. We're mighty happy to have so many business friendships and it's our sincere wish to continue building our friendship for many years to come.
We won't be able to see all our friends in the few days to the Holidays so we want to use this method to wish everyone the best of all gift packages .. 'the presence of a happy family all wrapped up in each other'. And may this happiness extend thru the New Years.
